

PRODUCT DATA SHEET

CV0046

Universal Vial, Tubular, White Polypropylene Closure

Product comes with unattached polypropylene closure

Specifications

Vial Material	Glass, Soda <i>(Not recommended for autoclave)</i>	●
Capacity	28ml	
Outer Diameter	27.5mm	
Height	82.5mm	
Closure Type	Screw, White Polypropylene	
Closure Liner	Unlined	
Pack Quantity	100	
Packaging	Cardboard Box	
Pack Length	448mm	
Pack Width	260mm	
Pack Height	870mm	
Pack Weight	2.6Kg	
Case Quantity	5packs (500vials)	
Case Length	470mm	
Case Width	280mm	
Case Height	460mm	
Case Weight	13.8Kg	
Pallet Quantity	160packs (16000Vials)	

What's in the box?

The Bijou Vial, tubular vial designed for the secure storage and transport of liquids and small samples. Each vial is equipped with a polypropylene closure, maintaining the integrity and sterility of the contents.

Available Sizes

- **7ml Vial CV0045:** Ideal for smaller sample volumes, the 7ml Bijou Vial is compact and convenient for a variety of laboratory applications.
- **28ml Vial CV0046:** The 28ml Universal Vial offers a larger capacity, suitable for storing larger quantities of samples or reagents.

Key Features

- **Tubular Construction:** The vials are produced to precise specifications, ensuring uniformity and high performance in demanding laboratory environments.
- **Polypropylene Closure:** Each vial has an unattached polypropylene closure, providing a secure seal that protects the contents from contamination and evaporation.
- **Versatility:** Suitable for a wide range of applications including clinical, pharmaceutical, and research laboratories.

Environmental Responsibility

We're committed to protecting the planet. Our unique and innovative packaging is 100% recyclable and eco-friendly, without compromising on quality or durability.
